About Australian Dairy Farms Group

Australian Dairy Farms Group (AHF) is Australia's first ASX listed dairy farmer. Its focus is on aggregating high quality dairy farms in Victoria, initially in the South Western region with particular emphasis initially, on the famous Dairy Golden Triangle region of South West Victoria between Warrnambool and Colac south of the Princes Highway to the coast around Port Campbell.

On 29 December 2015, AHF announced to ASX that it had entered into a contract to acquire Camperdown Dairy Company Pty Ltd - ACN 140 640 606 (CDC) – see announcement on <http://www.adfl.com.au/announcements>. This transaction has now settled in accordance with the contract terms and CDC is a wholly owned subsidiary of AHF.

Australian Dairy Farms Group is listed as a stapled security comprising one fully paid share in **Australian Dairy Farms Limited** (the Company) and one fully paid unit in **Australian Dairy Farms Trust** (the Trust). Within the structure, the Company is the operator and manager of the dairy farm properties, which are leased from the Trust as the registered owner.

Camperdown Dairy International Pty Ltd ACN 168 442 206 Clarification for Investors

The company acquired by AHF is Camperdown Dairy Company Pty Ltd - ACN 140 640 606 (CDC), which is not associated with a company with a similar name involved in the dairy industry called Camperdown Dairy International Pty Ltd ACN 168 442 206 or CDIC. There are no common directors or shareholders and the two companies do not have any customer / supplier relationship. The only substantive connection is that the two companies are each lessees of separate but adjoining land parcels at Camperdown owned by the same third party property owner. The directors and personnel of the two companies are on friendly terms as next- door neighbours and cooperate with each other in that context but otherwise have no financial or legal interaction.
