About Australian Dairy Farms Group

Australian Dairy Farms Group (AHF) was Australia's first ASX listed dairy farmer. Its initial focus was on aggregating high quality dairy farms in Victoria, initially in the South Western region with particular emphasis initially, on the famous Dairy Golden Triangle region of South West Victoria between Warrnambool and Colac south of the Princes Highway to the coast around Port Campbell.

In April 2016 the Group completed the acquisition of Camperdown Dairy Company Pty Ltd - ACN 140 640 606 (CDC) – see announcement on <http://www.adfl.com.au/announcements>.

CDC is a wholly owned subsidiary of AHF. The Group is now a vertically integrated milk producer, processor and product distributor in Australia and for export.

Australian Dairy Farms Group is listed as a stapled security comprising one fully paid share in **Australian Dairy Farms Limited (the Company)** and one fully paid unit in **Australian Dairy Farms Trust (the Trust)**. Within the structure, the Company is the operator and manager of the dairy farm properties, which are leased from the Trust as the registered owner.
